Think Like An Engineer (Daisies and Brownies):

Tinker around with building structures, and how engineers think! Then use what you've learned to build something to help animals! Includes all the supplies for your project!

Between Earth and Sky (Daisies):

Explore the world around you, and experience it with all your senses! Then express your love of nature with a project that helps make the world a better place!

Wonders of Water (Brownies):

Play around with water, to learn how to protect and preserve this valuable resource! Then make a video to share with the world what you have learned!
